DAIKIN BRAND DCH Heat Pump Packaged Units

Comfort for Life

Daikin is a global leader for indoor comfort, with millions of systems installed throughout the world. Today, millions and millions of people trust Daikin to deliver *Comfort for Life* to families and businesses alike.

Dependable compressor

One of the most critical components of a packaged heat pump is the compressor. Daikin brand DCH Packaged Heat

Pumps boast high-performance, high-efficiency compressors, which operate in tandem with our high-efficiency coil. The coil is made of refrigeration-grade copper tubing and aluminum fins in a design that maximizes surface area. These high-quality components together cool and heat effectively. This exceptional construction offers one of our best levels of reliability, durability, and efficiency you'll find in a compressor.

R-410A refrigerant

Compared to packaged units using R-22 refrigerant, your new Daikin brand DCH Packaged Unit will not only provide you with energy-saving performance for many years, but it also features R-410A refrigerant. This refrigerant does not contain chlorine.

Introduced in 1995, R-410A refrigerant has helped increase the durability and reliability of air conditioner compressors.
